How to get best from nothing ?

Follow along and have fun!

1 Use your time in a effective and efficient way to increase your productivity

2 Try Eat that Frog methodology, first solve the big or urgent topic, which may later make you dense.

3 Don't forget to take a short nap of 15 min. after every 45 min. of studying or learning. (Avg. Concentration retention period.)

4 Apart from learning via reading, visual and audio lesson will help you to retain what you intake.

5 That's a reasons you learn song quicker then school notes & visual help brain to re-locate the memory with respect to desired data.
